①

Take the classroom portion of Drivers Education on-line. Some students prefer the on-line option versus the traditional 3-week classroom setting in the summer. This option allows students to get the instruction permit at age 15. Registration form is included here. The fee for the on-line class and driving instruction is \$385.

②

Take Drivers Ed at Bay Port summer school. Information comes out in January, and registration starts in February. Student's 16th birthday must be on or before Dec 31 of that year to be eligible for the driving portion at Bay Port. Students cannot get their instruction permit until they turn 15 ½ if taking Bay Port Drivers Ed. If 16th birthday is after Dec 31, students can take the classroom portion at Bay Port and then take the driving portion (\$295) using this registration form.

Steps to Enroll
